# SynDaver Labs

**SynDaver Synthetic Human • Model Comparison Chart**

## Anatomy Model
- Complete Musculoskeletal System
- Abdominal and Thoracic Organs
- Full Body Skin
- Reference Vasculature
- Patent Vasculature
- Peripheral Nerves
- Complex Airway Compatible with Intubation
- Compatible with Imaging
- Physiology Control
- Procedure Table with Castors
- ECS Storage Case
- Body Bag
- Circulation Pump
- Drainage Pump with 5’ Hose
- 1 Qt Bottle Storage Solution [170160]
- Anatomy and Physiology I Lab Manual

**Features**

**ISBN:** 978-0-9972005-3-9 [170500]

## Surgical Model

- Cardiovascular Pump System [170100]

## SynDaver Patient

- Optional (excludes heart)

## Mortuary Model

- Optional (peripheral only)

## Musculoskeletal Model

- Optional

---

**Notes:**

- Patient Model is incompatible with MRI due to metallic components
